Certifications

FC2401 ADULT & PEDIATRIC FIRST AID/ CPR/AED INITIAL CERTIFICATION

This American Red Cross course trains individuals to act in emergency situations and to recognize and care for life threatening adult and pediatric emergencies such as respiratory or cardiac problems and sudden illness. First Aid is included. Students will have the opportunity to practice on the training manikin and the test for certification will be administered the same night. Certifications are valid for 2 years.

Dates: October 22 & November 11
 Instructor: Daniel Loesch
 Time: 4:00pm-7:00pm
 Fee: \$24.00 + \$38.00 (certification fee)
 1 session needed for certification

FC2402 BLS FOR THE HEALTH CARE PROFESSIONAL INITIAL CERTIFICATION

The American Red Cross Basic Life Support (BLS) course is designed to train healthcare professionals including nurses, physicians, EMS professionals, and other healthcare and public safety personnel to respond to breathing and cardiac emergencies in adults, children and infants. Students will have the opportunity to practice on the training manikin and the test for certification will be administered the same night. Certifications are valid for 2 years.

Date: November 6 (1 session)
 Instructor: Daniel Loesch
 Time: 4:00pm-7:00pm
 Fee: \$24.00 + \$25.00 (certification fee)

FC2403 BOATER'S SAFETY CERT.

Earn your New Jersey Boater's Safety Certificate through this State approved course. Students will learn the parts of a vessel, what to do before going out in your boat, safety procedures of operating a boat, legal requirements, and how to handle boating emergencies. All lessons will be reinforced with review worksheets and various hands-on activities that will prepare students for the examination. Students must meet the required 8 hours of instruction, and must achieve a passing score on the test to earn their New Jersey Boater's Safety Certification.

Dates: Tuesday & Wednesday, October 1, 2, 8 & 9 (4 sessions)
 Instructor: Hanna Toft
 Time: 5:00pm-8:00pm
 Fee: \$72.00

FC2404 COMMERCIAL DRONE PILOT CERTIFICATION EXAM PREP

To fly a drone you must obtain a Remote Pilot Certificate from the Federal Aviation Administration (FAA) under the Small UAS Rule (Part 107). This course will provide detailed information on regulations, operating requirements and safety procedures as well as hands-on experience to help you prepare for the exam. Please note, the certification examination is independently scheduled and taken by the student at an off campus testing site approved by the FAA. The instructor is an experienced, certified Commercial Drone Pilot.

Dates: Thursdays – September 12 through October 31 (8 sessions)
 Instructor: Michael Palombo
 Time: 5:30pm-8:00pm
 Fee: \$120.00

FFL2401 FORKLIFT CERTIFICATION

Students will learn fundamental knowledge of lift trucks and their operation, including the importance of OSHA regulations as they relate to safe lift operation and number of accidents involving lift trucks. They will also be instructed on the principles of balance, stability, and capacity. They will learn the importance of preoperational inspection of a lift truck, safety guidelines for operating a lift truck, safe load techniques, as well as, safe handling of fuels and batteries used in lift trucks.

Dates: Wednesday, September 18 & Thursday, September 19
 Instructor: Adam Dunning
 Time: 5:00-8:00pm
 Fee: \$90

Coming in Winter/Spring 2025!
 American Red Cross Babysitting
 Certification (Ages 11-17)

Technical Skills

FT2401 AUTO REPAIR LAB - BEGINNERS (SESSION 1)

Would you like to save money on gas and basic car maintenance? Learn the basic fundamentals taught by an ASE (Automotive Service Excellence) certified technician to service and maintain your vehicles to keep them running well. Hands on practice changing tires, oil, wiper blades, replacing bulbs, reset light procedures, and checking fluids. Also, discover what to look for when buying a used car. On the first night of class, a review of auto shop equipment and safety guidelines will occur. All automotive parts are supplied by the student and vehicles must be removed from the premises after each night of class, no exceptions.

Dates: Wednesdays, September 11 through 25 (3 sessions)
 Instructor: Dan Corcoran
 Time: 5:30pm-8:30pm
 Fee: \$54.00++(S)

FT2402 AUTO REPAIR LAB - BEGINNERS (SESSION 2)

Course description is the same as Session 1, only the dates are different.

Dates: Wednesdays – October 2 through October 23
 (3 sessions; no class October 16)
 Instructor: Dan Corcoran
 Time: 5:30pm-8:30pm
 Fee: \$54.00++(S)

FT2403 AUTO REPAIR LAB - INTERMEDIATE TO ADVANCED

This class is for individuals who have completed an auto repair course at Cape May Tech or have familiarity with auto shop equipment/procedures. Under the guidance of an ASE (Automotive Service Excellence) certified instructor, students will have the opportunity to repair or service their own vehicle. On the first night of class, a review of auto shop equipment and safety guidelines will occur along with a discussion of potential projects. Please note, all repairs must be approved by the instructor. All automotive parts are supplied by the student and vehicles must be removed from the premises after each night of class, no exceptions.

Dates: Tuesdays – September 10 through November 5
 (8 sessions; no class September 17)
 Instructor: James Hornbeck
 Time: 5:30pm-8:30pm
 Fee: \$144.00++(S)

FREE GED Prep & ESL Classes
 Learn More on Page 14-15

FT2402 ELECTRICAL HOUSE WIRING

Students will be introduced to the theory of electrical house wiring by applying the technical knowledge presented in the classroom and opportunity for hands-on experience. Electrical theory codes, standards, outlet connections, circuits and metallic and non-metallic cables will be included. This course covers the basics of electrical house wiring for the homeowner.

Dates: Thursdays – September 12 through October 31
 (8 sessions)
 Instructor: Mike Mills
 Time: 5:30pm-8:30pm
 Fee: \$144.00 (S)

FT2403 OUTBOARD MOTOR MAINTENANCE & REPAIR

This course is for the boater who wants to know more about their engine. Theory and practical hands-on instruction in the operation, maintenance and troubleshooting of two and four-stroke outboard motors and drive trains will be featured. Students will be invited to bring in their own outboard motor later in the semester for servicing or repair. All parts are purchased independently by the student.

Dates: Tuesdays – September 10 through November 5
 (8 sessions; no class September 17)
 Instructor: Steve Schall
 Time: 5:30pm-8:30pm
 Fee: \$144.00++(S)

Dance/Music

FG2401 GUITAR – BEGINNERS

Learn fundamentals of playing the guitar including notes on the finger-board, open chords and playing songs. Music theory and various music styles and guitar techniques will be presented in a group instruction format. Designed for the novice learner. Bring your acoustic guitar and tuner to each night of class. Recommended textbook, purchased independently by the student: Hal Leonard Guitar Method Book I, ISBN 9780793533923.

Dates: Mondays – September 9 through November 4
(8 sessions; no class September 14)
Instructor: Joe Scheid
Time: 6:30pm-8:00pm
Fee: \$60.00++

FG2402 GUITAR – INTERMEDIATE

Continue your study of the guitar by developing different playing styles, learn music theory and more fingering/strumming techniques. Interpret what a piece of music is telling you such as beat, tempo, scale. Learn movable barre chords and chord structure. Explore the elements of rhythm, melody, harmony and form the expressive controls of texture, timbre, dynamics, tempo and articulation. Conducted in a group instruction format. Please bring your acoustic guitar and tuner to each class along with a notebook and pen.

Dates: Wednesdays – September 11 through November 6
(8 sessions; no class September 16)
Instructor: Joe Scheid
Time: 6:30pm-8:00pm
Fee: \$60.00++

FLD2401 LATIN DANCING

Spice up your Mondays with Latin Dancing! Learn the Salsa, Rumba and Cha Cha. Come out for some fun and socialize and connect with people on the dance floor. You will be introduced to Latin dancing and technique, Cuban motion and lively practice patterns. Dancing is a great way to have fun, be active, and meet new people. It's great exercise for your body and brain health. The first hour consists of learning patterns and movement. The second hour focuses on floor etiquette and technique. Just bring yourself, no partner required, and comfortable shoes. Don't wait to try something new, do it now! Come dance and enjoy the music!

Dates: Mondays – September 9 through November 4
(8 sessions; no class September 14)
Instructor: Carrie Reilly
Time: 6:30pm-8:30pm
Fee: \$80.00

FLD2402 SWING IN & HUSTLE OUT

Swing In & Hustle Out to your next night club or wedding reception! Learn and practice the dances that you wanted to do at special occasions and may not have had the courage. Dancing is a great way to have fun, be active, and meet new people. It's great exercise for your body and brain health. The first hour consists of learning patterns and movement. The second hour focuses on floor etiquette and technique. Just bring yourself, no partner required, and comfortable shoes. Come dance and enjoy the music!

Dates: Wednesdays – September 11 through November 6
(8 sessions; no class September 16)
Instructor: Carrie Reilly
Time: 6:30pm-8:00pm
Fee: \$80.00

FTD2401 TAP DANCING – BEGINNERS

Have you always wanted to learn how to tap dance? The exact origin of tap dancing is unknown, but most likely it developed from a combination of cultural dance influences. Through the years, tap dancing has gained prominence as both entertainment and an art form. In this course, you will learn basic tap technique, combinations and a routine. Swing your arms, tap your feet and dance to the music while having fun! No experience is necessary and tap shoes are optional. The instructor has over 25 years of experience teaching tap dancing to all ages.

Dates: Tuesdays – September 10 through November 19
(8 sessions; no class September 17, October 1, October 8)
Instructor: Mary-Anne Dieckhaus
Time: 6:30pm-7:30pm
Fee: \$40.00

FTD2402 TAP DANCING – ADVANCED BEGINNERS

Do you have previous tap dancing experience? Have you completed two or more sessions of beginner tap? This course will focus on intermediate to advanced dances, as well as, presentation of new dances to popular varieties of music. Join the fun!

Dates: Thursdays – September 12 through November 13
(8 sessions; no class October 3, October 10)
Instructor: Mary-Anne Dieckhaus
Time: 6:30pm-7:30pm
Fee: \$40.00

Quilting/Sewing

FK2401 KNITTING – SWEATER (OR HELP WITH ANOTHER PROJECT)

This course is designed for the knitter who is skilled in knitting and purling. If you already have a project you are working on, but need some help, we can do that. If you want to work on a sweater, you will learn the important steps required before you begin to knit a sweater. Then you will begin knitting a sweater pattern of your choice. Additional techniques included in this course are increasing/decreasing stitches, picking up stitches, and proper seaming techniques. If you are uncertain about the yarn or other supplies for your chosen pattern, please email the instructor prior to the first class at kathechristensen@comcast.net.

Dates: Mondays – September 9 through November 4
(8 sessions; no class October 14)
Instructor: Kathe Christensen
Time: 6:00pm-8:00pm
Fee: \$80.00++

FK2402 KNITTING – COLOR KNITTING USING SLIPPED STITCHES

Purposely slipping stitches when knitting will create texture if working in a solid color or create an easy way to produce color knitting patterns when working with two or more colors of yarn. With this color-work method you only work with one color per row or round. If you are experienced with knitting and purling, even relatively new knitters can enjoy this method. Projects include hats, scarves, cowls, sweaters, mitts, shawls, and more. If you have additional questions, please email the instructor prior to the first class at kathechristensen@comcast.net.

Dates: Tuesdays – September 10 through November 5
(8 sessions; no class September 17)
Instructor: Kathe Christensen
Time: 6:00pm-8:00pm
Fee: \$80.00++

FK2403 KNITTING – DOUBLE KNITTING

Double knitting creates a fabric that looks like stockinette stitch on both sides—great for any garment you want to be reversible. The knitted project will have two right sides: one in color A and the other in color B. You can also knit colorful patterns into the project. If you know how to knit and purl, you can double knit. Projects include scarves, mittens, hats, placemats, potholders, coasters, and more. If you have additional questions, please email the instructor prior to the first class at kathechristensen@comcast.net.

Dates: Thursdays – September 12 through October 31
(8 sessions)
Instructor: Kathe Christensen
Time: 6:00pm-8:00pm
Fee: \$80.00++

FQ2401 QUILTING BY MACHINE

This course is for the confident beginner to intermediate level machine quilter. You will learn cutting and block placement, borders, binding, and assembling of a quilt. The quilt we will make is called "Trip Around the World". You may choose to make it any of these four sizes: baby, lap, twin, and queen. Basic knowledge of sewing and a sewing machine are necessary. This course requires the independent purchase of supplies by the student and a sewing machine. Upon registration, a supply list will be emailed to the student.

Dates: Mondays – September 9 through November 4
(8 sessions; no class October 14)
Instructor: Doreen Dever
Time: 5:30pm-8:30pm
Fee: \$120.00++

FS2401 SEWING – BEGINNERS

This course is for individuals who wish to learn how to use a sewing machine. Starting from the basics, the instructor will review parts of the machine, functions and how to get started sewing. How to hem clothes by machine with finishing touches by hand will be included along with one or two small sewing projects designed for the novice. Please bring your sewing machine and machine instruction book to each night of class. This course requires the independent purchase of supplies by the student. Upon registration, a supply list will be emailed to the student.

Dates: Tuesdays – September 24 through November 12
(8 sessions)
Instructor: Karen Bohme
Time: 5:30pm-8:00pm
Fee: \$120.00++

FS2402 SEWING – ADVANCED BEGINNERS

This course is for individuals who have basic knowledge of how to use a sewing machine. The course will go over the basic and decorative stitches on your machine, how to alter garments, as well as learning how to read and sew with a pattern. Participants need to bring their own sewing machines and supplies to class. Upon registration, a supply list will be emailed to the student.

Dates: Wednesdays – September 18 through November 13
(8 sessions; no class October 16)
Instructor: Karen Bohme
Time: 5:30pm-8:00pm
Fee: \$120.00

Culinary Arts

FF2401 APPLE CIDER WHOOPIE PIES

Discover the art of creating delectable Whoopie Pies, a beloved treat at Cape Tech. In this hands-on course, you will learn the techniques to craft these delightful desserts with a fun apple cider twist. Be sure to bring an apron and containers to bring home these tasty treats.

Date: Tuesday, September 10
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$12.00 + \$45.00 supply fee

FF2402 APPLE PIE WITH LATTICE TOP OR CRUMB TOP

Bring the flavors of fall back home with this apple pie baking course. Learn to create a classic homemade apple pie, complete with either a lattice top or a crumb topping. While ice cream is not included, you will perfect the techniques needed to serve pie warm, complemented by a scoop of ice cream. Be sure to bring an apron and containers to bring home this treat.

Date: Tuesday, September 24
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$12.00 + \$45.00 supply fee

FF2403 THREE LAYER SALTED CARAMEL BUTTERSCOTCH CAKE

Indulge in the rich flavors of salted caramel in this two-week course. During week one, you will make this fall flavor filled dessert from scratch and bake it. It will be stored until you return for the second week to unleash your creativity and decorate these culinary creations. Be sure to bring three 9-inch round cake pans, an apron and containers to bring home these tasty treats.

Dates: Tuesdays – October 1 & 8
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$20.00 + \$45.00 supply fee

FF2404 MINI PUMPKIN CHEESECAKE WITH HOMEMADE GRAHAM CRACKER CRUST

Embrace the flavors of fall in this course by baking mini pumpkin cheesecakes from scratch, complete with a graham cracker crust. These treats are perfect for enjoying on a crisp autumn night by the firepit. Be sure to bring an apron and containers to bring home these treats.

Date: Tuesday, October 15
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$12.00 + \$45.00 supply fee

FF2405 BAKE & DECORATE SUGAR COOKIES

This course offers you the opportunity to learn how to bake and create beautifully decorated sugar cookies. In the first week, you will bake the cookies from scratch. These cookies will be stored until the following week, when all students return to learn techniques used to decorate them like professionals. Be sure to bring an apron and containers to bring home these treats.

Dates: Tuesdays – October 22 & 29
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$20.00 + \$45.00 supply fee

FF2406 PUMPKIN ROLL WITH CREAM CHEESE FILLING

Extend the warmth of fall with this how-to homemade pumpkin roll with cream cheese filling course. During this course, you will learn the techniques to bake this delicious dessert, perfect for being the centerpiece of any autumn family gathering. Be sure to bring an apron and containers to bring home these treats.

Date: Tuesday, November 5
Instructor: Michelle Taylor-Marsden
Time: 5:30 pm-7:30 pm
Fee: \$12.00 + \$45.00 supply fee

Health/Mindfulness

FO2401 ESSENTIAL OILS FOR AUTUMN

This workshop class is for anyone interested in using the most popular essential oils to promote a healthy lifestyle for families to keep working, playing, and enjoying autumn. Note: prior to using essential oils, check with a healthcare professional if you have a serious medical condition or if you are pregnant, nursing or planning to become pregnant.

Date: Wednesday, September 18
 Instructor: Debbie Valletto
 Time: 6:00pm-7:15pm
 Fee: \$12.00 + \$4.00 supply fee

FO2402 ESSENTIAL OILS TO PUT STRESS AWAY FOR THE UPCOMING HOLIDAYS

This workshop class is for anyone interested in using essential oils to enhance the time spent with family and friends over the upcoming holidays. Learn and discuss the basics of essential oils and natural methods to minimize stress that occurs over the holidays. Note: prior to using essential oils, check with a healthcare professional if you have a serious medical condition or if you are pregnant, nursing or planning to become pregnant.

Date: Wednesday, October 30
 Instructor: Debbie Valletto
 Time: 6:00pm-7:15pm
 Fee: \$12.00 + \$4.00 supply fee

FY2401 GENTLE CHAIR YOGA

Gentle chair yoga is practiced in a chair and/or with the aid of the chair for support during balance postures. It is a safe, accessible, sustainable, adaptable yoga practice that is ideal for individuals of all ages, abilities and fitness levels. Provided in a supportive and interactive environment, this class incorporates breathing exercises, gentle stretches, yoga postures, mild yoga flows, standing balance and a final relaxation. This practice may help increase one's flexibility, lung capacity, strength, endurance and improve balance while maintaining a mental well-being, self-confidence and overall healthy lifestyle. For greater comfort and ease of movement, avoid tight, restrictive clothing. Highly recommended slip proof socks, a long scarf or yoga strap, and tennis ball.

Dates: Tuesdays – September 10 through November 5
 (8 sessions; no class September 17)
 Instructor: Lynne Catarro
 Time: 5:30-6:30 pm
 Fee: \$40.00

**Interested in an HVAC or
 Electrical Apprenticeship?**

FM2401 MEDITATION

Meditation is an ancient tradition that is practiced in cultures all over the world to create a sense of calm and inner harmony. The purpose of this class is to assist participants with learning the basics of meditation and experimenting with alternative complementary practices including breathing techniques, Sound therapy, Mindfulness, Chakra balancing, Mantras & Affirmations, and EFT (Emotional Freedom Technique). The class will conclude with a guided meditation, reflection and journal time. Please bring a blanket and yoga mat unless you plan to remain seated in a chair.

Dates: Wednesdays – September 11 through October 30
 (7 sessions; no class September 16)
 Instructor: Debbie Valletto
 Time: 4:15pm-5:45pm
 Fee: \$67.50

FSM2401 SOUND MEDIATION WITH CRYSTAL BOWLS (Session 1)

A sound bath is a meditative experience where individuals listen to sounds and are "bathed" in sound waves inviting a state of peace of mind and relaxation in the body. The class will conclude with reflection and journal time. Please bring a blanket and yoga mat unless you plan to remain seated in a chair.

Date: Wednesday, September 11
 Instructor: Debbie Valletto
 Time: 6:00pm-7:00pm
 Fee: \$12.00

FSM2402 SOUND MEDIATION WITH CRYSTAL BOWLS (Session 2)

Course description same as Session 1, only the date is different.

Date: Wednesday, September 25
 Instructor: Debbie Valletto
 Time: 6:00pm-7:00pm
 Fee: \$12.00

FSM2403 SOUND MEDIATION WITH CRYSTAL BOWLS (Session 3)

Course description same as Session 1, only the date is different.

Date: Wednesday, October 9
 Instructor: Debbie Valletto
 Time: 6:00pm-7:00pm
 Fee: \$12.00

FSM2404 SOUND MEDIATION WITH CRYSTAL BOWLS (Session 4)

Course description same as Session 1, only the date is different.

Date: Wednesday, October 23
 Instructor: Debbie Valletto
 Time: 6:00pm-7:00pm
 Fee: \$12.00

Language

FL2401 SPANISH – INTRODUCTION TO CONVERSATIONAL

This introductory course teaches listening and speaking skills in Spanish through active participation. Students will be learning to comprehend and communicate orally in a culturally acceptable manner, using basic language structures and common vocabulary related to traveling and jobs.

Dates: Mondays – September 16 through November 11
(8 sessions; no class October 14)
Instructor: Jennifer Bolling
Time: 5:00pm-7:00pm
Fee: \$80.00

FL2402 RUSSIAN MADE EASY

In this course, the Russian language will be presented in a style to explain grammar and vocabulary clearly. Grammar will be dissected to include verb conjugation, adjectives, cases and dialogue. A conversational approach will be included to learn everyday vocabulary and expressions that you can use. Cultural information will be incorporated as necessary to assist the student with learning and understanding the language.

Dates: Tuesdays – September 10 through November 5
(8 sessions; no class September 17)
Instructor: Ekaterina Hamann
Time: 6:00pm-8:00pm
Fee: \$80.00

Special Interest

FP2401 DIGITAL PHOTOGRAPHY – BEGINNERS

Do you have a DSLR (Digital Single Lens Reflex) or mirrorless camera that you want to use? Digital photography is great for family photos, nature, hobbyists, and more! In this hands-on course you will learn to operate your digital camera to include terminology, parts, features, how to take photos and composition techniques to produce professional pictures. Photos will be taken during class, so please bring your DSLR or mirrorless camera, memory card, charged battery and the camera's user manual to each night of class. Later in the course, a possible field trip to a nearby location to take photos may be included, weather permitting.

Dates: Wednesdays – September 11 through October 23
(6 sessions; no class October 16)
Instructor: Kathy Libby
Time: 4:00pm – 5:30pm
Fee: \$45.00++

FD2401 DOG OBEDIENCE (Session 1)

This course presents a gentle, traditional method with positive reinforcement for solving undesirable canine obedience problems for dogs at least 6 months of age. The same human trainer must accompany the same dog on each night of class, no exceptions. Exercises include heeling, sit/stay, down/stay, come when called, etc. Problems such as jumping and barking will be addressed. Canine Good Citizen evaluation and test may be offered. A suitable leash is required. Please, no flex lead or harness (Flat or martingale) Leashes, collars, and training supplies will be available for purchase.

NOTE: NO DOGS ON THE FIRST NIGHT, HOWEVER, PLEASE BRING YOUR DOG'S IMMUNIZATION RECORD (BORDETELLA VACCINE REQUIRED). ON THE FIRST NIGHT, AN ORIENTATION AND RECORD REVIEW WILL OCCUR.

Dates: Thursdays – September 12 through October 31
(8 sessions)
Instructor: Sandy Fedoroff
Time: 6:00pm-6:45pm
Fee: \$30.00

FD2402 DOG OBEDIENCE (Session 2)

Course description is the same as Session 1, only the time & instructor are different.

Dates: Thursdays – September 12 through October 31
(8 sessions)
Instructor: Gail Fumo
Time: 7:00pm-7:45pm
Fee: \$30.00

FD2403 DOG OBEDIENCE – RALLY FOR BEGINNERS (Session 1)

Rally obedience is a dog sport based on obedience. It is a team sport, you and your canine companion. You and your dog navigate through a course of 10 to 20 different signs. Each sign displays instructions for the skill to be performed at that station. Your dog will need to respond to basic commands such as sit, down, stay, heel, etc. Rally is a great way for you and your dog to bond while working as a team and having fun! Your dog must be at least six months of age to participate. Pre-requisite: previous basic dog obedience class here at Cape May Tech or elsewhere. Class size is limited so each team will have adequate time on the course each week.

NOTE: DOGS WILL COME ON THE FIRST NIGHT. HOWEVER, YOU WILL NEED TO SEND A PICTURE YOUR DOG'S IMMUNIZATION RECORD (BORDETELLA VACCINE REQUIRED) TO THE INSTRUCTOR. HER EMAIL ADDRESS WILL BE PROVIDED AFTER REGISTRATION.

Dates: Tuesdays – September 10 through November 5
(8 sessions; no class September 17)
Instructor: Sandy Fedoroff
Time: 6:00pm-7:00pm
Fee: \$40.00

FD2404 DOG OBEDIENCE – RALLY FOR BEGINNERS (Session 2)

Course description is the same as Session 1, only the time is different.

Dates: Tuesdays – September 10 through November 5
(8 sessions; no class September 17)
Instructor: Sandy Fedoroff
Time: 7:00pm – 8:00pm
Fee: \$40.00

FG2401 DNA WORKSHOP

This workshop is designed to provide students with information on how to utilize their DNA to verify and add to research. It will provide introduction to DNA and the methods each company uses to identify their matches and eventually with hope, the researcher will become familiar enough with what they learn and will become comfortable in using chromosome levels to verify their results and identify a common ancestor between the student and their match. A requirement for this class is that the individual will have completed DNA testing and have results available within the 6-week class sessions.

Dates: Tuesdays – October 15 through November 19
(6 sessions)
Instructor: Helen Fink
Time: 4:00pm – 6:30pm
Fee: \$75.00

FID2401 INTRO TO INTERIOR DESIGN OF YOUR HOME

Do you want to feel more comfortable in your home and inevitably happier? Then enroll in this introductory and affordable guide to interior design with an interactive and hands on approach, which will enable you to arrange and accessorize your home on your own, spend less and save more by not making costly errors. Teacher, Jane Reynolds, has been practicing interior design for over 35 years.

Dates: Tuesdays – September 10 through November 5
(8 sessions; no class September 17)
Instructor: Jane Reynolds
Time: 5:30pm -7:30pm
Fee: \$80.00

FEB2401 SELLING ON EBAY

Whether downsizing, decluttering or have items you suspect may be valuable, eBay offers a unique opportunity to sell your items via the online world. In this course you will learn the basics of selling on eBay including how to research, list, sell and ship your items including a review of eBay's rules, policies, financial transactions and customer service. Students should have an email account and basic knowledge of online shopping. Special note: eBay requires users to utilize a checking account for processing transactions.

Dates: Wednesdays – October 23 through November 13
(4 sessions)
Instructor: Susan Cline
Time: 6:00pm – 8:00pm
Fee: \$40.00

TESTING CENTER

Cape May County Technical School serves as a testing center for the following tests:

GED

The GED exam is taken on a computer and covers four subjects: mathematical reasoning, reasoning through language arts, social studies, and science. Each subject requires a separate test. You do not have to take them all at once.

Testing Dates

9/18/24	11/6/24
9/25/24	11/20/24
10/9/24	12/4/24
10/23/24	12/18/24

See testing times and register at [GED.com](https://www.ged.com)

CASAS

The CASAS test is a free reading and math test, which can be used for a One Stop Training grant, entrance to Cape May County Technical School's Post Secondary Programs, or as a free practice test for your High School Equivalency (HSE) (GED).

Testing Dates & Times

8/12/24: 9:00 AM	10/7/24: 5:30 PM
8/19/24: 9:00 AM	10/22/24: 12:30 PM
9/16/24: 5:30 PM	11/11/24: 5:30 PM
9/27/24: 9:00 AM	12/9/24: 5:30 PM

Register at [capemaytech.com](https://www.capemaytech.com)

TEAS

The ATI TEAS, or Test of Essential Academic Skills, is a standardized exam that nursing programs use to assess applicants. The idea behind the exam is to test an applicant's readiness for nursing school. The TEAS exam covers four main content areas: reading, math, science, and English and language usage.

Testing Dates

9/13/24: 9:00 AM	11/15/24: 9:00 AM
10/18/24: 9:00 AM	12/6/24: 9:00 AM

Register at [capemaytech.com](https://www.capemaytech.com)

FREE CLASSES

GED and Adult Basic Education Classes

Adult Basic Education classes prepare students to take their GED to earn a high school diploma or to raise pre-admission test scores for entrance into Post-Secondary programs, including CASAS and TEAS tests.

Electrical Apprenticeship

October 8, 2024 through March 20, 2025
Tuesdays and Thursdays 5:00 pm – 9:00 pm

WHAT IS AN APPRENTICESHIP?

An apprenticeship is a form of training where individuals learn a skilled trade through a combination of on-the-job training and classroom instruction. It involves working under the guidance of experienced professionals in a specific field to gain practical experience while also attending related technical classes to acquire theoretical knowledge.

Cape May Tech offers related technical classes that can help earn the status of Journeyman Electrician. Students in this program must take a minimum of 144 hours of classroom instruction per year for four years, totaling 576 hours of classroom instruction. In addition, students must complete 8,000 hours of on-the-job training.

HOW CAN I QUALIFY?

Candidates must have a high school diploma or equivalency. Prospective students should be employed full-time in the field, and their employer or union must be willing to sponsor them.

If they don't yet have a full-time employer, Cape May Tech can help find an employer to sponsor them. Students can begin the related technical classes while looking for employment.

HVAC-R Apprenticeship

October 7, 2024 through March 26, 2025
Mondays and Wednesdays 5:00 pm – 9:00 pm

WHAT IS AN APPRENTICESHIP?

Carpentry & Property Management Cosmetology • Dental Assisting • Dental Radiology Practical Nursing • Welding

All programs lead to industry certification. Post-Secondary applicants are required to take the CASAS pre-entrance exam to earn a seat in any of the programs (except Practical Nursing). Practical Nursing applicants are required to take TEAS test. We offer free CASAS and TEAS preparation classes.

Learn more about our Post Secondary Courses on the next 3 pages.

Carpentry & Property Management Post Secondary Program Information

The Carpentry & Property Management program at Cape May County Technical School is a course of study focusing on skills in carpentry, masonry, electric and plumbing and how they relate to new construction, renovations and property maintenance. Students apply technical knowledge and skills to layout, cut, fabricate, erect, install and repair wooden structures and fixtures, using hand and power tools. Students will build framing projects, install roofing and siding, wire residential circuits, install water and drain lines, pour and finish concrete, troubleshoot repair issues.

Students will be eligible to earn OSHA 10 Hour Construction Industry Training Certificate. This industry recognized certificate provides entry level construction worker's general awareness on recognizing and preventing hazards on a construction site.

Strong basic math skills are necessary with a focus on arithmetic calculations, Geometry, and some basic Algebra. Language Arts skills in vocabulary and communication as well as the ability to read documents, write reports, and communicate with customers are an integral part of the program.

Graduates may find employment as framers, roofers, siding installers, finish carpenters, property maintenance carpenters, deck builders, drywall installers and finishers, painters, property management, concrete finishers and construction laborers.

The Carpentry & Property Management Program is a part-time 27-week program that runs from October to April, Monday, Tuesday & Wednesday evenings from 6:00 to 9:00pm.

COURSE CONTENT: Technical Mathematics • Framing • Construction Materials & Selection • Job Estimating • Blueprint Reading • Foundations & Roughing In Finish Carpentry Techniques • Applicable Codes & Standards

Cosmetology

Post Secondary Program Information

The Cosmetology and Hairstyling program at Cape May County Technical School is specifically designed to prepare graduates for licensing requirements established by the New Jersey State Board of Cosmetology/Hairstyling. Students are required to complete 1000 productive hours of training as part of the course requirements. The district will strictly enforce this requirement. Students of this program will be instructed in all of the state required areas of Cosmetology and Barbering, along with other related areas of study, including workplace readiness and communication skills. Students will practice their skills on mannequins and fellow students. During the second half of the year and upon receipt of their student permit, an "in-house" clinical experience will be added, and students will work with patrons from the community as part of their training.

The Cosmetology program is fully accredited through the New Jersey State Board of Cosmetology. The Cosmetology program is a full time 10-month program that runs September through June, Monday through Thursday, 1:00 to 9:00 pm.

COURSE CONTENT: Safety Issues and Practices • Professional Image • Sanitation • Hair and Scalp Care • Hair Shaping • Barbering Skills • Wet Hairstyling • Thermal Styling • Chemical Applications • Manicuring • Pedicuring • Nail Tech Services • Skin Care • Facials • Make-up Applications • Salon Business • Related Sciences

Dental Assisting

Post Secondary Program Information

The Dental Assisting program at Cape May County Technical School prepares the student to meet requirements to become a Certified Dental Assistant (CDA). Successful graduates also qualify to apply to the State of NJ for the Expanded Function Registered Dental Assistant (RDA) and Limited Radiologic Technologist licensures.

The Dental Assisting program is fully accredited by the American Dental Association Commission on Dental Accreditation (ADA-CODA), approved by the Department of Environmental Protection (DEP) Bureau of X-ray Compliance and approved by the New Jersey State Board of Dentistry.

RDA's upon licensure can enter the workforce starting at \$18 - \$25 an hour. The Dental Assisting program is a full time 10 month program that runs September through June, Monday through Friday, 8:00 am to 2:30 pm.

COURSE CONTENT: Chairside Assisting & Expanded Functions • Dental & Medical Emergencies • Dental Health Education • Dental Materials • Dental Patient & Practice Management • Dental Radiology • Dental Science I • Dental Science II • Infection Control & Bio Medical Science • Externship

Dental Radiology

Post Secondary Course Information

This course is approved by the New Jersey Radiologic Technology Board of Examiners. Upon conclusion of classroom instruction, students will be eligible to expose radiographs under clinical affiliation policy. The Dental Radiology Post Secondary course is a 16-week class that runs February through May on Tuesdays.

Requirements: 18+ years of age • High School Diploma/Equivalent or College Degree (all foreign credentials must have been translated and equivalency prior to the registration and at student's expense • Pass pre-admission testing • Three months current work experience in a dental office • Criminal background clearance

In-Person Registration: Monday through Thursday at Cape May County Technical School, Adult Education Office, Main Entrance, Parking Lot A.

Registration: \$550 registration fee includes course registration, school supply fees. The registration fee is due at the time of registration via check or debit/credit card only - no cash. Mandatory text books, Board Examination, and State License fees are the responsibility of the student.

As per NJDEP guidelines, the following documents are required to be presented at time of registration: Valid Government-issued Photo ID • High School Diploma/Equivalent or College Degree.

Practical Nursing

Post Secondary Program Information

The Practical Nursing program at Cape May County Technical School will provide a curriculum based on the holistic concept of patient care and will provide the students with the necessary knowledge to meet the requirements for licensing in the field of nursing. It will prepare the students to function as members of the health care team and to recognize and meet the needs of people in their care.

This course is approved by the New Jersey Board of Nursing and the New Jersey Department of Education, and consists of both classroom and clinical experiences. The Practical Nursing program is a full time 44-week, daytime program that runs September through July, Monday through Friday, 8:00 am to 2:30 pm. Clinical hours will vary depending on the affiliation site.

COURSE CONTENT: Anatomy & Physiology • Chemistry • Community Health • Fundamentals of Nursing • Geriatric Nursing • Growth & Development • Maternity Nursing • Mathematics for Nursing • Medical-Surgical Nursing • Microbiology • Nursing Orientation • Nutrition • Pediatric Nursing • Personal & Professional Relations • Pharmacology • Psychiatric Nursing

Welding

Post Secondary Program Information

The Welding program at Cape May County Technical School is aligned with the objectives and curriculum of the American Welding Society. Upon completion, the student will be able to produce welds to Bridge, Highway and AWS D1.1 Structural Codes.

Classroom theory includes a review of materials, the cross matching of welding filler material to metals that will be welded, blueprint reading, and math for welders. The curriculum includes practical application and practice in Oxy/Acetylene cutting, Fusion and all position brazing, and Arc welding in all positions using 6010 and 7018 welding rods. The American Welding Society Basic Welder (1-G) certification testing will be offered on site to all students that meet program requirements.

The Welding Program is a part-time 28 week program that runs October through April, Monday, Tuesday and Wednesday evenings from 5:00 to 8:00 pm.

COURSE CONTENT: Review of Welding Materials • Blueprint Reading • Math for Welders • Oxy/Acetylene Cutting, Fusion and Brazing • Arc Welding

Celebrating Over 100 Years of Education that Works!

The Cape May County Technical School was instituted in 1915 by the Cape May County Commissioners and is today situated on an 84-acre campus in the Northern section of the Crest Haven Complex (Middle Township) which is easily accessible from Exit 11 off the Garden State Parkway.

The Cape May County Technical School presently consists of one main building which includes the Tozour (100) Building, the Scrivani (200) Building and the Toft (300) Building, as well as auxiliary buildings that include a greenhouse, the Broadley Administration Building, and waterfront facilities on the sound. Also, baseball, softball and soccer fields have been established on the campus.

The district's educational schools include a full-time career technical high school, shared-time career high school programs, adult post secondary full-time programs, adult basic education with High School Equivalency (HSE) test preparation, English as a Second Language, HSE Testing, summer enrichment programs for youth, lab school for preschoolers, and Adult Evening Community Education.

The district is ready to serve the educational technical needs of the community well into the 21st century.

The Cape May County Technical School District shall provide equal and bias-free access for all students to all school facilities, courses, programs, activities and services and give them maximum opportunity to achieve their potential regardless of race, creed, color, national origin, ancestry, age, sex, gender identity or expression, affectional or sexual orientation, marital status, liability for service in the Armed Forces of the United States, nationality, place of residence with the district, socioeconomic status, disability or pregnancy. Enforcement of other district affirmative action/equity policies (1140, 1510, 1523, 1550, 1550P, 2260, 3362, and 5751) contribute to this legally required equality of educational opportunity.

Programs and activities are operated in compliance with Title VI of the Civil Rights Act of 1964 (Title VI, 100.4), Title IX of the Education Amendments of 1972 (Title IX, 106.4), Section 504 of the Rehabilitation Act of 1973 (Section 504, 104.5), Family Educational Rights and Privacy Act (FERPA) for Elementary and Secondary Schools, and Protection of Pupil Rights Amendment (PPRA).

Program Information

- Registration opens to the public beginning on Wednesday, August 7, 2024, for all methods of registration until the first night of class, provided seating is available.
- Registrations will be processed in the order which they are received via on-line, or in-person.
- You may contact the evening school office to see if there is space available in the class you desire. Please call (609) 380-0241 during regular business hours.
- The total course fee must be paid in full at the time of registration.
- The Cape May County Technical School reserves the right to limit registration for courses, to discontinue courses for which there is insufficient registration and to change times, locations and/or instructors.
- Class sizes are determined by the nature of the class and space. If a class is full, it will be closed and a waiting list will be generated for the semester.
- Senior citizens age 60+ receive a discount for all non-credential/licensing courses. The discount is 50% off the registration fee. Other supply fees remain full price. ID will be requested.
- We cannot process cash at registration, so please be prepared with debit/credit card (for online or in-person). Checks payments need admin approval.

- Park in Lot B
- **Picture ID** is required to enter the building via the security screening process.
- Payment by credit/ debit only. No cash can be processed. Check payments need administrative approval.

Symbol Key

(+) Course Supply Fee

A general course supply fee may be charged in courses in which consumable school supplies are used in the instructional/ learning process. All listed general course supply fees must be paid along with the course fee at the time of registration. These courses will be identified in the brochure with a plus sign (+) next to the course fee and the identified supply fee listed.

(++) Course Supplies need to be purchased

Some courses require supplies to be used in class which cannot be effectively included in a general supply fee due to the nature of individual appeal for projects. These courses will be identified in the brochure with a double plus sign (++) next to the course fee. Instructors will provide students with the names of suggested vendors who may stock the necessary supplies.

(S) Safety

Persons taking a class where tools, power machines, toxic fumes or flammable liquids are being used must wear proper safety clothing, breathing devices and approved eye protection as directed by the instructor, at all times in the shop area. Classes that require safety agreements will be identified in the brochure with an (S) and students are required to sign a safety agreement prior to participation.
