

Dear parent or guardian:

The USDA, in conjunction with the State of New Jersey, has elected to allow free breakfast and lunch to all students until December 31, 2020 or until federal funding runs out. Every student is eligible to receive a free breakfast or lunch whether attending school in person or remotely. To order meals, and for additional information, please visit our District website and click on the Parent Resources for Reopening tab. Then click the appropriate lunch order link for a hybrid learner student or for a 100% remote learner student.

It is very important to still provide a completed free or reduced meal application to the school as soon as possible. A new application must be submitted to the District every school year. If you have students in more than one district, applications must be completed for each district. The application is available to print at [capemaytech.com](http://capemaytech.com) by clicking the free and reduced lunch program button on our homepage. In addition, hard copies are available in the guidance and principal's office.
