Dear Parents, Guardians and Students,

Spring Break is here! I hope that during this Spring Break you are able to relax and enjoy the time with family and friends.

I have very exciting news to share with you ... when you return to campus you will see the construction of our new secure main front entrance. Attached please find a map delineating the construction site and note the changes below that explain the ingress and egress to the high school.

1. The construction area that will be fenced off (see red marking on map) will eliminate access to the main entrance as well as the gymnasium entrance to the building. The parking spaces outside of the motel will also be eliminated.
2. The bus loop, as well as the sidewalk will be unaffected, allowing our arriving students to enter through the cafeteria (See blue marking on map). Students arriving between 7:45 a.m. and 8:00 a.m., will also use the cafeteria entrance where they will be issued a late pass.
3. Visitor parking will be in the guidance parking area. Visitors will buzz into the guidance office through the exterior doors at that entrance. Students who arrive after 8:00 a.m., will also enter through the guidance entrance. (see Yellow marking on map)

We are excited about the improvements to the building and thank you all for your anticipated cooperation. The construction information will be posted with timely updates on the district website.

Have a restful and healthy spring break!

Sincerely,

Nancy M. Hudanich
