

Updated - PowerSchool Parent Access

PowerSchool has been updated to provide parents with a “single sign-on” for your children. You will have to “Create a Parent Account” to access your child’s PowerSchool information. Once you have created a parent account you will be able to access your child’s PowerSchool information from the main Parent login screen. Please follow the instructions below.

At the initial login screen please go to the “Create Account” tab

PowerSchool

Student and Parent Sign In

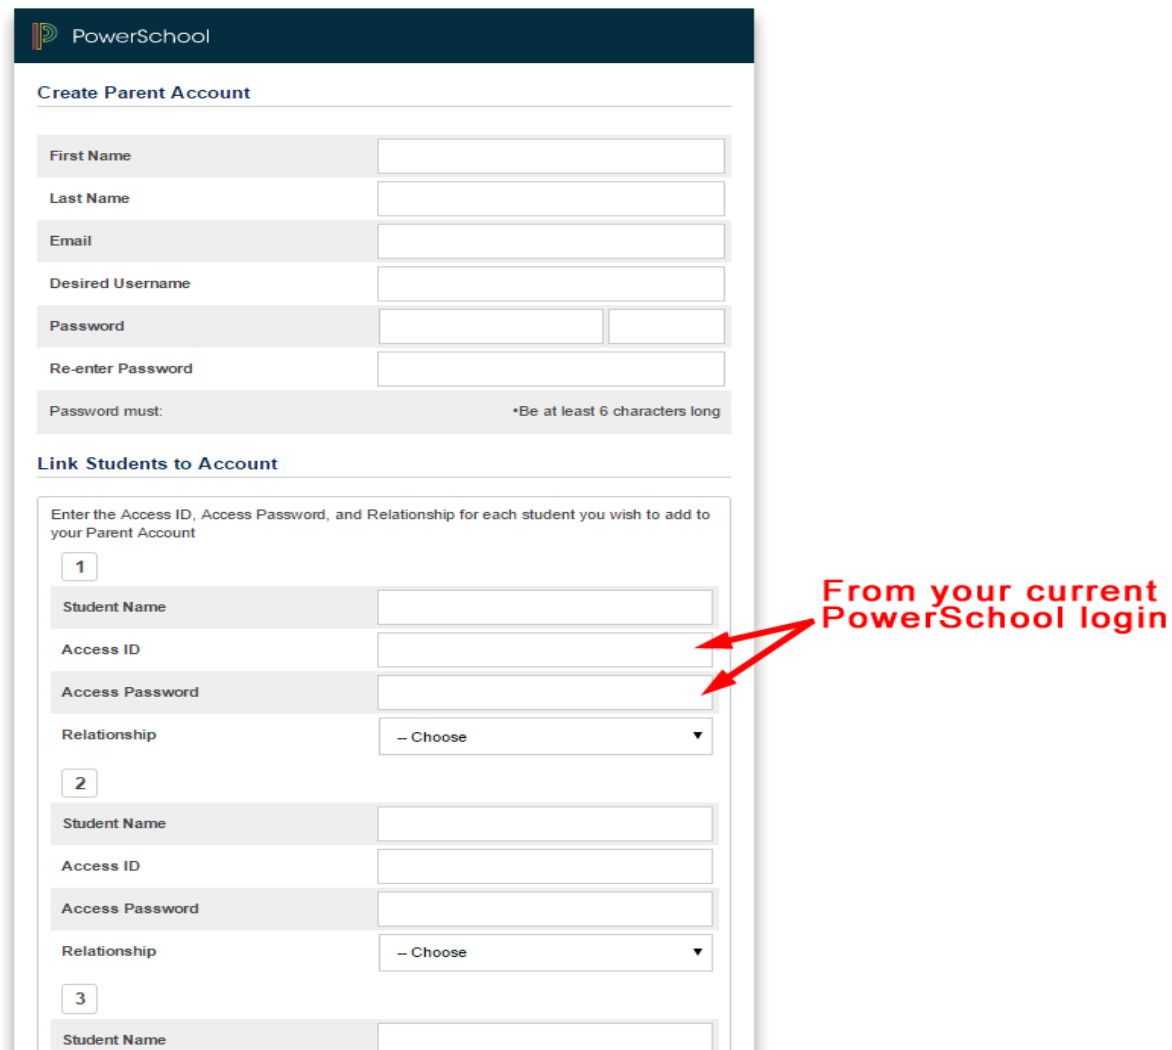

Sign In **Create Account** *Click this tab to create account*

Create an Account

Create a parent account that allows you to view all of your students with one account. You can also manage your account preferences. [Learn more.](#)

Then click this **Create Account**

You will then have to complete the “Create Parent Account” screen below. The “Access ID” and “Access Password” are from the login’s you are already using. Once you finish creating your new parent login go back to the initial screen and you will now be able to login with your newly created Parent Login from now on.
