

January 29, 2021

Ms. Paula J. Smith
Business Administrator
Cape May County Technical School District
188 Crest Haven Road
Cape May Court House, NJ 08210

Dear Ms. Smith,

This report summarizes the results of the January 25, 2021 mercury air monitoring of the Cape May Technical School MAC gym.

Continuous air monitoring conducted within the center of the gym over the approximate 5-hour period (9:15 AM to 2:30PM) revealed **average airborne mercury levels at 0.11 $\mu\text{g}/\text{m}^3$** (range 0.04 - 0.22 $\mu\text{g}/\text{m}^3$); below the NJ Department of Health guideline of 0.8 $\mu\text{g}/\text{m}^3$. Based upon these findings, no mercury inhalation exposure hazard is suggested.

Thank you for the opportunity to assist you with the evaluation. Our next monthly monitoring will be scheduled for February 2021.

Please contact me with any questions at (856)764-3557.

Sincerely,

Richard M. Lynch
