

## CAPE MAY COUNTY TECHNICAL HIGH SCHOOL

188 Crest Haven Road • Cape May Court House, New Jersey 08210

TO: Senior Students and Families

FROM: Steven Vitiello, Principal

We are fast approaching this important event. During graduation practices we will review all procedures and answer all of your questions concerning accommodating your family's needs. A quick reminder to:

- Provide ***in writing*** by 6/7/19 any request to miss a graduation practice. Only school or health related excuses will be considered,
- Provide ***in writing*** by 6/10/19 requests for handicapped assistance and seating. Specify your handicap tag number and if you have a wheelchair. We are offering **2 handicap seats per family**.
- Be on time for practices and be cooperative to assure every Senior knows his/her role and responsibilities.

We will prohibit audience members from moving in front of the stage to take pictures or to enter the graduate area. Each one of you is important and you deserve your moment on the stage without distraction from others. Also, we request that families refrain from delivering flowers/balloons, etc, to graduates until the ceremony is complete. The balloons block the view of audience members who have come to see you graduate and delivery is, again, a distraction from the main purpose; to honor your achievements.

Our graduation is a rich, dignified tradition that is shared with many of your elected officials and community leaders. We will continue those traditions to make this a memorable evening for you.
